

1. Tell us about your business and what you do?

Miller Investments comprises multiple businesses including, most notably, the PIER 22 restaurant and the Twin Dolphin Marina in downtown Bradenton. With a commitment to quality and service, my team works every day to provide our guests with memorable waterfront experiences.

2. What makes your business stand out?

My team believes that nothing short of excellence is good enough.

At both the Twin Dolphin Marina and the PIER 22 restaurant, we consistently work hard to provide value to our guests and memorable experiences that exceed expectations.

3. Why have you been successful?

PIER 22 and the Twin Dolphin Marina both involve many moving parts. The common denominator for my successes is the people that I have been so fortunate to surround myself with on a daily basis and whom, in turn, bring on

additional talents to help us reach our goals together.

4. What advice would you give for someone planning to do business in Manatee County today?

Manatee County is made up of truly outstanding people that are capable of contributing to one another's success. There is also a business friendly environment and a welcoming, positive attitude toward productive growth. If you are prepared to utilize the resources available to you, to work hard, to treat people fairly and respectfully, then the opportunities are endless!

5. Why did you choose to be involved in 'Together Manatee'?

The philanthropic opportunity to give back to this remarkable community, my hometown, is what drew me to the Together Manatee project. I am excited to team up with such a formidable group of leaders. When we join together, there's no limit to what we can achieve.
